

Dora's Cottage

Location:

Dora's Cottage is situated in Malinmore just outside the village of Glencolmcille. Traditionally restored, Dora's Cottage contains many period features and retains an old world character with the added convenience of all modern facilities throughout. The holiday cottage has ample parking space.

Glenn Cholm Cille is a joy to visit at any time of the year. Both shore and hills change dramatically with the seasons, heightening the attraction for the walker. At night some of Ireland's leading musicians play in quiet pubs and accomplished singers draw on an extensive repertoire of local song. Long after the bow is put away, when the dancing feet are still and the last song sung, you will remember Glenn Cholm Cille. A place apart.
